

5-Speed Kicker Kit

5-Speed Kickstarter Conversion features one piece alloy outer housing in chrome or natural finish which houses kicker gears that mount to inner bearing plate supplied. Designed for **1987-99 models (except Dyna)** with a direct cable operated clutch mechanism. Includes instructions and extra clutch pushrods to retro fit 1979-86, cable operated components must be purchased separately for these years. Kit also includes 1-piece offset chrome kick arm, popsicle kickstarter pedal and chrome spring, and all internal kick gears. Tool listed reduces installation time. The 1991-99 models require purchase of 17-9248 pushrod set.

5 and 6-Speed Kickstarter Kit features slim profile design. Pushrod modification may be required. Order kickstarter arm and pedal separately. Fits all 5-Speed replacement OEM transmissions and all 6-Speed replacement transmissions only.

Dipsticks

5-Speed Kickstarter Installation Tool. Save time when installing 5-Speed conversion units, because the complete transmission does not have to be dismantled. Mainshaft & clutch pak can remain in place. Reduces labor from 6 to 3 hours.

5 & 6 Speed Bearing Support Plate for 1984-2000 Big Twins with kicker start. Billet Aluminum support plate includes bearing.
VT No. 20-0250
